INSTRUCTIONS AND FUN GUIDE!

jELlyStOnES

Add JellyStones to a cup and watch in amazement as they keep growing and growing to over absorb 200 times their volume of water! JellyStones grow in only minutes from small chips to large, squishy, squirmy pebbles. JellyStones will hydrate faster in hot water! Mix JellyStones together and watch them change colors! Control a range or size by adjusting the amount of water you add. When JellyStones are fully grown they become clear even if all colors are mixed together in water! JellyStones are reusable and easy to make, just add water! Watch in awe as these little chips of rock amaze.

SlippEry SphErES

Slippery Spheres are amazing wonders of chemistry that are slimy and gross to the touch. Slippery Spheres can bounce and then explode on target. They grow 200x their size, slip, slide, and explode! Add Slippery Spheres to a cup of water and watch as they expand over 200 times their size! The bigger the sphere the quicker it explodes! Control a range or size by adjusting the amount of water you add. Slippery Spheres color will blend together when balls are mixed up! You will have hours of fun mastering the simple art of Slippery Spheres launching.

Silly SquArES

Silly Squares are amazing science wonders that grow hundreds of times their size to epic proportions! They slip and slide, wiggle, jiggle, waggle, and more! Adjust amount of water used for bigger or smaller Squares. Try to build, stack, and even Jenga them! Freeze Silly Squares, throw, and watch as they explode into pieces! Boil them then bounce to be amazed! Silly Squares are reusable for optimal fun and enjoyment. Hours upon hours of mesmerizing fun are upon you!

gObbleDy gOOp

Make your own slimy snout with GobbleDy-Goop! Put $\frac{1}{2}$ cup of water in a cup. Place colored tablet in water and let dissolve for 1 minute. Slowly sprinkle in 1 teaspoon of powder while stirring briskly with a spoon. Stir stir stir! Add another cup of water while continuing to stir. Sprinkle another teaspoon of powder into the cup while stirring quickly.

Wanna freak out your friends and scare your classmates? Then pick your nose and make your own GobbleDyGoop. Go ahead and pull it, squish it, pick it! GobbleDyGoop is smooth and bumpy all at once. It's green and gooey and looks like real slime. Make it as gross and thick and thin as you want. GobbleDyGoop is reusable and easy to make, just add water and stir!
